
Erasmus+ Strategic Partnership project «Online Study Platform on Mediation»
Project number: 2016-1-LV01-KA203-022660

Activity Task

ACTIVE LISTENING

The task: One of you tells to the other what you did last weekend (the story can be real or artificial – it does not matter) and how you felt about these events.

The person who listens demonstrates good and active listening skills, so the story teller really feels he/she is heard and understood.

After 15 minutes – change the roles.

PARTNERS:
